Hello, I'm Kelly

With 2 years of experience in conservation leadership through the Conservation Leadership graduate certificate program from Old Dominion University. I have a strong work ethic and a dedication to my career with an ability to learn new tasks quickly and to work as a team or independently. Highly passionate about the study of ocean and earth sciences, I have a strong belief in increasing communication between scientists and with relevant stakeholders.

EXPERIENCE

2019-2021

2.5 years

Master's Thesis | Mitigation and Adaptation Research Institute at Old Dominion University

Thesis project assessing the potential risk of plastics entering the ocean from the urban coastal zone titled, [Estimating the Risk of Future Plastic Marine Debris Resulting from the Coastal Urban Built Environment](#).

- Identify a gap in knowledge regarding the flow of plastic marine debris from the coastal zone
- Communicate work through the development of written reports, conference paper publications, and poster presentations

2019-2022

3 years

Conservation Leadership Certificate and Mentor | Old Dominion University

This interdisciplinary certificate in Conservation Leadership was developed in collaboration with the U.S. Fish and Wildlife Service as a part of a long-term, sustainable program of conservation-related service-learning, internships, and leadership programs.

- Complete three projects that focus on a "real-world" issue that constitutes a leadership challenge in conservation
- Mentorship: Assist students in understanding course work, complete course objectives. Create a safe space for where a community of conservation leaders can thrive.

2019-2022

2.5 years
